50 MARION RIFLES JOIN STATE GUARD IN MASS ENLISTMENT

New Unit To Be Known As Company H with Carl Ebert Captain.

The enlistment unprecedented in the history of the Ohio State Guard, 50 members of the Marion Rifles signed up last night for the new unit. The enlistment took place at the headquarters of the 2nd regiment of the O. S. G. at 10 p. m. in a speech at Harding stadium.

The new unit, commanded by Capt. Jacoby of the O. S. G., was organized for the purpose, organizational set-up and program and invited the men to join.

Carl Ebert, who has been recommended for captain in the 2nd regiment, explained that would be expected of the Guard.

Men who were interested were then asked to fill out and return to enlist. George Hildebrandt, director of the Rifles, said the full unit, complement of 50 signed up members of the new unit, to be known as Company H of the 2nd infantry regiment of the Ohio State Guard, will take their physical examination at City Hospital Sunday morning.

Churchill Expected To Challenge Critics: Two Opposition Moves Develop.

By The Associated Press.
LONDON, June 24.—Two opposition movements against Prime Minister Churchill's war leadership were developing in the House of Commons today, inspired by the report that the prime minister would be expected to use the House of Commons to challenge his leadership after the conference on his own confidence in the House of Commons.

Two motions were expected to be introduced today, one by Mr. George, Earl of Home, and another by Mr. Arthur Greenwood.

The motion of non-confidence was expected to be introduced today, with the support of such influential members as Mr. George, Earl of Home, and Mr. Arthur Greenwood.

President Signs Service Men's Pay Allotment, Allowance Bill

Provides for Aid of Dependents and Reclassification of Married Men for Draft.

WASHINGTON, June 24.—President Roosevelt signed the service men's pay allotment and allowance bill today, paying the way for financial aid to dependents of fighting men and reclassification of married men for the draft.

Providing for federal payments to supplement allotments from service men's pay checks to support their dependents, the legislation also contains a provision authorizing a congressional policy that selective service should "not break up the institution of the home."

CONGRESS DECLARED VICTIM OF ATTACK

Dies Group Says "Purge" List Part of Movement.

WASHINGTON, June 24.—Members of Congress, whose names have appeared on various "purge" lists from time to time, today declared that they were the intended victims of a deliberate movement to "deride the legislative branch of our government" and to "abolish the Congress."

Many of the efforts to purge individual members of Congress, the committee said, "have been the result of the deliberate function of Congress to satisfy by unanimous vote whatever is born anywhere at any time in the whole vast structure of the executive branch of government down to the last whim of any and every administrative official."

MARION MAN LISTED MISSING BY NAVY

Junior G. Bevis, Machinist's Mate, Was at Corregidor.

In the fifth navy department casualty list released through The Associated Press today, the name of Junior G. Bevis of Marion is listed as being among those missing. He is the son of Mrs. C. E. Hettley of 675 Sugar street. He enlisted as a machinist's mate in 1932.

He was stationed at Corregidor. Mrs. Hettley received a Mother's Day telegram from him. A week later she was informed by the navy that he was among those missing.

Others from near Marion in the list are Ray Smith Butler of Upper Sandusky and Richard L. McKinnon of Carey.

The list reported 44 Ohioans missing in action and seven known dead. It covers the period of May 11 through June 6.

NIGHT CLUB DECISION UP TO STATE BOARD

Testimony Completed in Mayfair Case. Rulings Due Within 3 Days.

Ohio liquor regulations and testimony of a state liquor inspector offered the Mayfair night club on South Main street the greatest hope of retaining its month-old state liquor license. A day following a hearing at the state liquor board, the hearing on charges the club was not a bona fide restaurant was held in Columbus yesterday afternoon and followed shortly after a hearing on similar charges against the Royal cafe of North Main street.

An Associated Press report from Columbus today indicated the Mayfair club found unexpected support from the testimony of a state liquor inspector and from the state liquor law—each stating that the club did not have to be a restaurant to operate under a D-5 night club permit.

Inspector's Testimony
L. L. Lehman, the inspector, said he "looked over" the Mayfair establishment May 19, the day before its D-5 permit was granted, and that he found a "hamburger grill and bun warmer" operation, and there was some hamburger, cheese and other food in the ice box.

"But he continued, 'even if the food and grill were not present, the club would still qualify for the D-5 permit, because a night club does not have to prepare meals'."

That statement, evidently, was news to the four-man liquor board, for the members asked, almost in unison, "Where did you get that interpretation?"

The liquor regulations say so," Lehman replied as he bowed Judge Lowell Bodey's book of regulations and thumbed through it. Under "definitions" he read: "Restaurant—A place where not meals are habitually prepared, sold and served at noon and evening, as the principal business of the place, but the meaning of the word excludes drug stores, confectionery stores, lunch stands, night clubs and filling stations."

"Night clubs are a place habitually and regularly open for profit after the hour of midnight, where food is served for consumption on the premises and one or more forms of amusement are provided or permitted."

11,754 POUNDS OF RUBBER DAY'S TOTAL

Scrap Drive Committee Aims at 125 Tons.

A total of 11,754 pounds of scrap rubber was collected yesterday by Marion county salvage groups, George Long of the Standard Oil Co., official tabulator for Marion county's scrap rubber drive, reported today.

Including yesterday's report, a total of 160,051 pounds of rubber, or a little more than 80 tons, have been collected. Local sponsors are pointing at a 125-ton mark before the drive closes Tuesday, June 30.

Marion Boy Scouts under the direction of Loy D. Rhodes, scoutmaster of Troop 1, yesterday began picking up donated rubber from Marion residents. A total of

CHINESE GAIN AGAINST JAPS

Capture Key Points, Kill or Wound 4,000 in Hurling Back Pincers.

China reported growing success in the bitter five-year-old war with Japan today as Generalissimo Chiang Kai-shek's armies were officially declared to have hurled back the western claw of a Japanese pincer, captured three key points and killed or wounded 4,000 Japanese.

Chinese headquarters said the Chinese army in Kiangsu province had recaptured K'uei-chi, the capital of the province, and had driven the Japanese back to the Yangtze river. PRICES OF 2 WAR PLANTS CRITICIZED

Committee Finds Fault with Plum Brook, Ravenna.

More about military affairs committee report appears on page 7.

WASHINGTON, June 24.—The house military affairs committee reported today that "excessive" prices were paid for land on which two Ohio munitions plants were constructed.

Reviewing investigations of a subcommittee into acquisition of sites for ordnance plants, including those at Ravenna and Sandusky, O., the committee asserted yesterday that "while there can be no well-founded criticism of the results obtained by the war department in securing land there has been much criticism of the methods used."

18-20 DRAFT LISTING TO START SATURDAY

Marion County Registration Estimated at 800.

Local draft board estimates place the total for the 18 to 20-year-old registration this Saturday and next Tuesday at approximately 800.

Registration will be conducted at each of the local board of files on June 27 and 28, dates set by national selective service headquarters. Registration on Saturday will be conducted from 12 noon to 6 p. m. and on Tuesday from 7 a. m. to 9 p. m.

The registration will include all men who were born on or after Jan. 1, 1922, and on or before June 30, 1942, and who have not registered heretofore. Col. C. W. Cook, state director, pointed out that the registration affects every male citizen between the ages of 18 and 20 years, six months, on or before June 30, 1942.

Scrap Rubber Goes To War

Use of Scrap Will Extend Supply of Crude Through United Nations' Time of Crisis.

WASHINGTON, June 24—One of the misconceptions about scrap rubber is that it has only limited use. It is true in most instances scrap rubber must be mixed with crude rubber in order to make a satisfactory product. But the fact that it must be mixed does not mean that it is of little value. In fact, it is of great value. It is the only source of supply for the United Nations' time of crisis. It is the only source of supply for the United Nations' time of crisis. It is the only source of supply for the United Nations' time of crisis.

SOME THINGS MADE FROM SCRAP RUBBER

It is the only source of supply for the United Nations' time of crisis. It is the only source of supply for the United Nations' time of crisis. It is the only source of supply for the United Nations' time of crisis.

There are three pounds in a single pair of men's four-buckle all-weather shoes. There is a pound of rubber in every foot of rubber floor matting and another pound in an old hot water bottle. The rubber in gloves, slink mats, drug sundries and the like may not seem important when each item is considered separately, but in the aggregate such small rubber articles add up to substantial weight in potential reclaim.

In rubber manufacture, the proportion of reclaim which is mixed with new crude rubber varies according to the type of product being manufactured. However, to strike a rough average, it might be said that in most cases the reclaim constitutes from 25 to 40 per cent of the mixture. Assume that reclaimed rubber were mixed with crude or something like that basis, then five scrap tires or 80 hot water bottles or fourteen 20-foot lengths of garden hose would supply the reclaimed rubber needed to make the rubber parts of a 37 mm. gun carriage. All the rubber required for a flying fortress—the great tires as well as the many other minor accessories—could be made by mixing crude from our crude rubber reserve with the reclaimed rubber from twenty scrapped tires or 320 hot water bottles or 56 20-foot lengths of garden hose. Crude rubber mixed with the reclaimed rubber from three scrapped tires or 18 hot water bottles or nine 20-foot lengths of garden hose would supply all the rubber needed for a pursuit ship. And every time six scrap tires or 96 hot water bottles or eighteen 20-foot lengths of garden hose are turned in to the collection center, we have collected all the reclaimed rubber needed to supply a two-ton medium army truck.

These comparisons, these equivalents make clear why we must get every ounce of scrap rubber possible back to the reclaiming plants. Scrap rubber permits us to stretch our supply of crude rubber and at the same time meet military requirements. Without reclaimed rubber we shall have to use more and more of our limited supply of crude. We must stretch it out, we must make it last until our synthetic production reaches its potential peak or until we regain those South Pacific sources of rubber—sources from which we used to get more than 80 per cent of our rubber—now lost to the Japanese. For should we reach a time when our supply of rubber is exhausted, we would then be at the end of our tether, we should be unable to build the tanks and planes and weapons and ships—and all of these require rubber—needed to win this war. That is why the collection campaign now underway is an effort of tremendous importance to all of us.

WANT NURSES They Cover the War Fronts FOR SERVICE

Need 65,000 Students Next Year for Replacements in Civilian Nursing.

NEW YORK, June 24—(Wide World)—Wanted: 65,000 new nurses. Wanted: 65,000 new nurses. Wanted: 65,000 new nurses. Wanted: 65,000 new nurses. Wanted: 65,000 new nurses.

There is no dearth of nurses in the United States. The whole thing from enrollment to armed forces duty is voluntary, and the result is a glut of nurses in the civilian nursing service. In getting already registered nurses to volunteer for the army and navy nursing corps, they must compete against employment on hospital staffs, instruction posts, "luxury nursing" airline hostess jobs, public health positions, against wartime marriages.

Over a year ago refresher courses for older nurses were instituted in many states. But thus far, according to a nursing official, "there has not been a very active response. They just haven't felt the pressure enough."

Twenty-one schools in Pennsylvania offered refresher courses and since last September just 218 nurses have taken and completed the course. Of these, 174 went back to active nursing when the course was over.

They faced objections from parents who already had given a son to the army and wanted to keep their daughter at home. The committee had answers to all of these things and quickly sought the opportunity to present them. Representatives of their state nursing councils—usually recently graduated nurses—addressed high school audiences.

IMPORTANT NOTICE TO EVERY LOCAL CITIZEN

Here Is the Story on WAR DAMAGE INSURANCE

Present War Risk coverage by the United States government expires on June 30th, 1942. The War Damage Corporation (a Government subsidiary) will issue War Risk and Bombardment Insurance for real and personal property through local insurance agencies.

The intent of this War Risk Insurance is to indemnify against direct physical loss or damage to the property which may result from an enemy attack including any action taken by the military, naval or air forces, of the United States in resisting enemy attack.

All insurance agencies are equipped with the necessary application forms. The requirement that the application forms must be signed by the applicant and that the premium must be paid in cash, plus the fact that insurance companies and insurance agents are not to profit from the handling of War Damage Corporation writings, should cause all insurance buyers to give early and ample study as to their needs, making free to consult with their insurance agent.

The Marion County Association of Insurance Agents' services are offered in effecting the distribution of this War Damage Insurance, on a cost of service basis, to avoid the expenses of a new government agency.

All you need to do is contact any member of our association to secure full details. Your own insurance man is probably among them.

WAACS' CLOTHES—\$184

\$10 Gloves "Outrageous" in Representative Opinion.

By The Associated Press

WASHINGTON, June 24—Here's what it will cost Uncle Sam to dress his WAACs—the ladies soon to join the army's auxiliary corps: They'll get an initial clothing allowance of \$184.91, plus a maintenance allowance of \$70.77.

(One item in the women's bill, \$10 a pair for gloves, was described by Rep. Mahon, D-Tex., as "outrageous.")

Major General E. B. Gregory of the quartermaster corps assured the committee that only a "limited number" of that type would be provided.

The figures were disclosed by the house appropriations committee in sending to the floor a bill for funds for the army for 1943.

Poll Shows Public Favors Freeing Parolable Prison Inmates for War Service

A nationwide Gallup Poll, illustrated above, shows that a majority of Americans would be willing to let prisoners in the armed forces be released now to fight in the armed forces.

PRINCETON, N. J., June 24—Should men in American prisons be eligible for parole be released to fight in the armed

forces? A recent probation and parole conference in Louisville, Ky., where parole board members expressed the view that "the

question, highly controversial, has been widely discussed among prison experts ever since the draft was put into effect.

The suggestion of Arthur J. Altmeyer, director of the Federal Bureau of Investigation, that parole be granted to a number of prisoners, has been widely discussed among prison experts ever since the draft was put into effect.

The public opinion poll, completed this week, shows that a majority of Americans favor the release of prisoners who are eligible for parole in the next few years to the armed forces.

The poll question, and results, are as follows: Favor, 66%; Opposed, 21%; No Opinion, 13%.

According to recent estimates, the population of American federal penitentiaries is about 160,000.

The American Prison Association has been active for many years in a drive to eliminate the use of the penitentiary as a bar to entering service in the armed forces.

As a result of the war department's authorized selective service act, many of them have been drafted into the service, and many of them have been drafted into the service.

Institute study approximately 60 percent of the population of American federal penitentiaries is about 160,000.

Probe of Alleged Waste in War Department Contracts To Continue

Chairman May Consolidate Sub-Committees Into Single Unit To Carry on Investigation.

By The Associated Press
 WASHINGTON, June 24—A sharply split house military committee was put on record by its chairman today as determined to continue an investigation which it reported already had revealed "a vivid picture" of extravagant waste in war department contracts.

Whether the investigation would continue to be conducted by three sub-committees remained to be seen, but Chairman May (D-N.Y.) intimated he was considering consolidating the inquiry into a single unit.

His intimations followed disclosure that a minority report would be filed soon by Representative Thompson (D-Text), chairman of one of the sub-committees.

The minority report, members who planned to sign it said, would not disagree so much with the committee's findings as made public in a lengthy report filed yesterday, as with the manner in which it was considered.

Make Recommendations
 Approved at a session marked by sharp clashes between May and Thompson, the majority report made these recommendations:

That war agencies eliminate "topheavy organization" and "endless red tape"; that the war department tighten its supervision over accounting and auditing, strengthen its contract policies, enforce prohibitions against the payment of excessive commissions on cost-plus-a-fixed-fee contracts, readjust management fees, and require employees of contractors retained in connection with the procurement of contracts to file monthly expense and compensation statements.

"The time has come," the report said, "when the contractors' honeymoon at the expense of the taxpayers of the nation must end."

Cincinnati Firm Cited

The report cited instances of what it called "extravagant waste" of public money and a "frank waste of copper" and asserted that George Remus, whom it described as a "once notorious figure in underworld activities

during the prohibition era" was "the moving spirit of a firm that received a \$318,000 war contract although it had 'few tangible assets' and 'no production record of any consequence'."

The firm was identified as Warner Industries, Incorporated, Cincinnati.

The report found fault with virtually every branch of the war department, especially the air corps.

While it is true that "the paramount consideration of every American is the winning of the war," the committee continued, "and while it is true that victory must be achieved regardless of the cost, this does not mean that there is a 'no ahead' signal for the spending of American dollars with abandon."

Criticize New Boards
 Criticizing what it said was a tendency on the part of the administration to create new boards, bureaus and commissions, the committee commented that "whenever a new or varied problem is presented, a new commission, board, committee or agency is usually created."

Blaming the administration, the congress and the public generally for the shortage of some materials "now needed," the committee said "too much emphasis" had been placed "on special reforms rather than national security."

The committee commended Jesse Jones, RFC chairman and head of the Rubber Reserve company for "pushing the synthetic rubber program" and said Jones' contribution to the program "has been grossly underestimated."

Assail Ship Operators
 The maritime commission and British and American ship operators were assailed for having demonstrated "a lack of appreciation" of the urgent need for the accumulation of stockpiles of strategic raw materials.

"More effective methods of control of shipping by the maritime commission or other government agencies were not considered necessary until far too late a date," the committee said. "The maritime commission has failed to provide adequately for the movement of strategic raw materials by use of the tonnage actually or potentially under its control."

A note of cheer was sounded in a section dealing with aviation. After relating how American-made planes had proved their ability in actual combat, the committee said production of planes was "progressing satisfactorily" and the production schedules, "precise as they are for this year and next will be met and fulfilled by American industry and industry."

Former Crawford Co. Mail Carrier Dies

Special to The Star
 BUCYRUS, June 24—E. Wayland McMichael, 68, retired rural mail carrier, died at the Bucyrus City hospital yesterday at 5 p. m. following a cerebral hemorrhage and illness of two hours.

Mr. McMichael was a member of the State Association of Letter Carriers for 30 years and served as state treasurer two years.

Funeral services will be held at 3:30 p. m. tomorrow at the Rice funeral home. Burial will be in Oakwood cemetery.

PRESBYTERIANS ELECT

By The Associated Press
 WOOSTER, O., June 24—The Rev. Harold Andrews of Ashland was named vice moderator of the Ohio Presbyterian synod, meeting here. The Rev. E. W. Lodwick of Cumberland, elected clerk, and the Rev. E. S. Hendrickson of Lorain, permanent clerk were re-elected.

ASK ONE FURNITURE MART

By The United Press
 WASHINGTON, June 24—The war production board has asked the furniture industry to hold only one "market" annually for the duration of the war to reduce unnecessary travel and conserve transportation space and facilities. Normally, the industry conducts four nationwide markets or expositions each year at which various industry problems and programs are discussed.

JUDGE SCOTT STAHL CLAIMED BY DEATH

Lucas County Jurist Was Native of Marion.

Scott Stahl, 75, of Toledo, a judge of the Lucas county common pleas court, died today in St. Vincent's hospital in Toledo of a heart ailment, according to an Associated Press dispatch.

He was born in Marion, Ohio, and graduated from the Marion High School. His father, Benjamin Stahl, was an attorney and he was appointed to the common pleas bench in December 1931, by Governor George White and later was re-elected to the office for two terms. For many years he was a leader in community circles.

In 1931 he opened a law office in Port Clinton and from 1937 to 1941 was president of the Lucas county bar association.

Union Co. Family Gives Five Sons To Armed Forces

Special to The Star

MARYSVILLE, June 24—Five sons in the armed forces, one in defense work and three more ready to go as soon as they become old enough are the contribution to their country of Mr. and Mrs. Edward W. Gibson, a farm couple living near New California in Union county.

The latest son to enter the service is Edward W. Gibson, 17, who started training in the air corps at Chillicothe last week. He, as well as his other four brothers, enlisted.

Charles Gibson, the eldest son, graduated from the U. S. Naval academy in 1938. George and Gerald enlisted in the air corps in December, 1940. These two have been together in the service since their enlistment. Harry Gibson, the fifth son, was a member of Company E of Marysville when it left for Camp Shelby in October, 1940. Frank is employed in defense work at the Curtiss-Wright plant at Columbus.

Mrs. Gibson says that her other boys are prospective army or navy recruits but she will not allow them to leave home until they have received their high school diplomas. Edward, the youngest son to enlist, graduated last month from New California High school.

One Dead, One Ill from Snake Bites

By The Associated Press

CAMDEN, N. J., June 24—A carnival snake charmer died today and another was made critically ill from snake bites.

Pulice Captain William Gordon said Lewis C. Rinker, 42, of Glen Falls, N. Y., died after he was bitten by rattlesnakes from which they thought the venom had been removed. John Meyers, 70, of Philadelphia, was critically ill.

Gordon said their employer, Virginia Greater Shows, of Suffolk, Va., had received the snakes a day earlier in a shipment from Florida.

Price Ceiling Operation Set To Start on July 1

Million Businesses, Including Funerals, Affected by Regulations Issued by OPA; Supplements Price Control Order.

By The Associated Press

WASHINGTON, June 24—The price ceiling operation, which will affect millions of businesses, is set to start on July 1.

The operation will be a continuation of the price control order issued by the War Relocation Authority in March.

The office of price administration, which is headed by the War Relocation Authority, will be in charge of the operation.

The operation will affect all businesses, including funerals, which are not covered by the existing price control order.

United Nations Getting Prepared To Win the War

By DEWITT MacKENZIE

Wide World War Analyst

Somewhere the sun is shining—if my friend the censor will permit this reference to the weather—and all of us should remember this.

These are trying times, but after all we haven't lost the war.

On the contrary we are just getting set to win it.

Right now, however, we are facing what looks like a spell of unmitigated hell.

With victorious Nazi Field Marshal Rommel massing his troops on the Egyptian border for a quick drive into the land of the Pharaohs, the position there is critical. Still, it strikes me that the greatest danger to the defense of Alexandria and the Suez Canal lies in the great air force which Hitler may be expected to bring into this battle, and may also employ in an attempt to invade Syria and thus advance on Egypt from the east while Rommel rushes in from the west.

However, London stated that reinforcements are arriving in the Middle East and these presumably include warplanes. United States heavy bombers are in contact with the British against Rommel's positions, and the British navy is getting into position to blast the Nazi leader's line of communication along the military highway which skirts the Mediterranean. That route is one of Rommel's weaknesses and is likely to cost him dearly.

Rommel's success has spurred the Nazi efforts to smash the Russians. South of Kharkov the Reds have been compelled to withdraw somewhat but, as Moscow points out, local successes of this sort cannot be decisive.

The liberties also continue to pile their dead against the bastions of Sevastopol.

The terrific weight which Hitler is flinging against these Russian positions, and the fresh reserves which he is holding in readiness, would make it rash for one to predict that the Russians won't be forced to make further withdrawals. Still every day that the Red line holds is a big stride toward Allied victory.

The Axis position being what it is, it is no surprise to see the Germans undertaking a propaganda campaign to precipitate war between Japan and Russia. The Japs don't want to fight Russia now, because they already have more on their hands than they can take care of, but there's no doubt that opportunist Tokyo is getting set for the contingency. Fresh troops have been sent into Manchukuo and the Japanese have in the neighborhood of a million men on the Siberian border ready for action. It's likely, too, that the extension of the Jap operations in our far western Neighbors is part of this preparation.

Many observers believe the Japanese won't be drawn into conflict with Russia if the Axis appears to be losing in Europe or if Hitler should start winning hands down. They don't intend to pull his chestnuts out of the fire when he is losing, and if he is winning they don't need to jump in. The moment when they might attack Siberia would be one like the present, when the Germans appear to be getting on well but need additional help to make the grade. Hence the Berlin propaganda campaign now.

Marion Child Dies in Columbus Today

John Gordon Balderson, 3, Is Stricken.

John Gordon Balderson, three-year-old son of Mr. and Mrs. Ray Balderson of 769 South Prospect street, died at White Cross hospital, Columbus, this morning following an illness of one day.

He was born July 4, 1938, in Marion and was a member of the Cradle Roll of St. Paul's English Lutheran church.

Surviving are the parents and a sister, Jean, at home.

Funeral services will be held at the Merle H. Hughes mortuary at 2 p. m. Friday. Friends may view the body after 10 a. m. tomorrow.

War Bond Stamp Sales Total \$62,868 for Week

War bond and stamp sales in Marion county for the week ended June 20 totaled \$62,868.75, the sales committee reported today. This brings the total for the month so far to \$159,292.90. The June quota for the county is \$121,000.

Holland's Queen Makes First Visit to U. S.

By The Associated Press

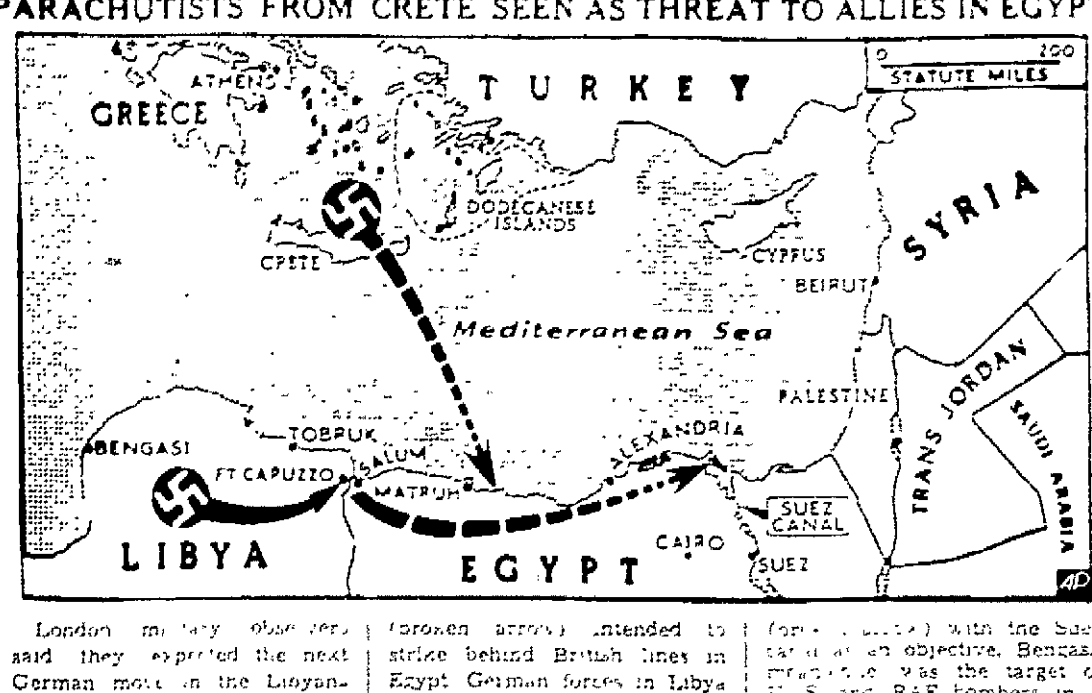

LEE, Mass., June 24—Queen Wilhelmina of the Netherlands, accompanied by her daughter, Princess Juliana, and her two granddaughters, the Princesses Beatrix and Irene, arrived here today from Ottawa, Canada, where she has been visiting since her arrival from Britain several days ago.

The queen planned to spend an indefinite vacation here with the princess. They will stay at the summer estate of Mr. and Mrs. John Ross Lloyd of Kinderhook, N. Y., and Philadelphia.

This was the 81-year-old queen's last visit to the United States and while in this country she planned to visit President and Mrs. Roosevelt.

PARACHUTISTS FROM CRETE SEEN AS THREAT TO ALLIES IN EGYPT

London military observers said they expected the next German move in the Libyan-Egyptian campaign would be coordinated with a Nazi parachute invasion from Crete.

CIO WORKERS STRIKE AT AKRON WAR PLANT

Sitdown of 60 Affects 500 Other Employees.

By The Associated Press

AKRON, O., June 24—A sit-down strike by 60 CIO mill employees today affected 500 other employees.

The 60 strikers, who are employed in the General Tire & Rubber Co.'s tire and tube division, engaged wholly in war production.

The mill room employees, reporting on the 7 a. m. shift failed to start work as the others—also members of the CIO United Rubber Workers—returned to their jobs for the first time since Pearl Harbor.

Company officials declared they were in "the middle of the entire proposition," and would wait for union action.

Sherman Dalrymple, International U. R. W. president, said the strike was unauthorized, and announced:

"If the company will cooperate, we will put people in there who will work and go ahead and run the plant."

ARGENTINA PRESIDENT'S RESIGNATION IMMINENT

Sinking of Freighter Causes Diplomatic Tension.

By The Associated Press

BUENOS AIRES, June 24—The resignation of the ailing and inactive president of Argentina, Roberto Ortiz, was expected momentarily today, complicating further a tense diplomatic situation created by the sinking of an Argentine freighter by a German submarine.

Additional police guards were sent to the German embassy last night as a foreign office spokesman announced that Argentina was taking a serious view of the destruction of the Argentine freighter Rio Tercero and the killing of five of her crew.

Acting President Ramon Castillo, whose "policy of prudence" has kept Argentina one of the South American countries maintaining relations with the Axis, conferred with Foreign Minister Enrique Ruiz Guzman and the ministers of war, navy and interior yesterday after announcing the government's action in the sinking probably would be announced some time today.

RUBBER

(Continued from Page 1)

600 pounds was collected, Mr. Rhoads reported.

Plans were completed last night at a meeting of officials for a last-minute thorough canvass of rural areas. Carl Kay of the Hi-Speed Co., who is publicity chairman for the drive, requested rural residents to have a rubber tree in their nearest gasoline filling station where they will be paid one cent a pound for the scrap. He added that farmers unable to take the material to a filling station may place the material in front of their homes and a truck will pick it up. It is planned to make a complete canvass of every road in the county, he said.

Mr. Kay commended Mrs. Maude Gorman of South Main street for her part in getting scales for many stations in Marion. He again reminded station managers not having a part of scales to contact Mrs. Gorman at phone 5188.

Pacific War Council

WASHINGTON, June 24—President Roosevelt today called a special meeting for tomorrow of the Pacific war council, when Prime Minister Churchill of Great Britain and Prime Minister Mackenzie King of Canada will attend.

Stephen Early, a presidential secretary, in announcing the call did not say for what purpose the meeting was arranged. There was to have been, however, a regular meeting of the council today.

It was announced that Mackenzie King was enroute here for the meeting. Special importance was believed to be attached to the meeting because of his planned attendance, since Canada usually is represented in council meetings by its minister here, Leighton McCarthy.

SHOWDOWN

(Continued from Page 1)

They were believed, however, to lack the necessary strength to push their motion to a vote.

The labor party, which is expected not to vote as a group against the prime minister's proposal, some of its members probably will vote as individuals, met to discuss Loya. No conclusions were announced.

Predict "Firm Control"

Meanwhile, London newspapers predicted that Churchill's return from the United States would be marked by the bitterest criticism of his career but that he would retain firm control of the government.

"This is the most serious personal issue Mr. Churchill has faced since becoming prime minister," the London Mirror said, in the wake of yesterday's army complaints in parliament over British war leaders.

It will undoubtedly mean the most adverse vote the government has had to face.

Indians Regain Batting Stride in 7-5 Win Over Philadelphia Athletics

Les Fleming Leads Tribe To Win; Reds Drop 7-0 Decision To Giants.

By The Associated Press

Long hitting regained the emphasis in the Wagon today.

After weeks of pitchers' battles for the Tribe, the Cleveland Indians broke out with 12 hits, seven runs, and Les Fleming leading the way, to a 7-5 decision over the Philadelphia Athletics.

Les Fleming led the gunners by hitting three hits out of four trips to the plate. His big blast came in the home half of the third inning, with a drive over the right field fence for his seventh circuit of this year.

Oris Hockett opened the barrage in the first inning by knocking one over the right field wall after Roy Weatherly had walked. It was Hockett's fourth home run of the season.

Kenny Keltner was the third Redskin to sock a four-bagger. His fifth of the year went to the concrete bleachers in left, and drove in Hockett who had doubled after two were out in the fourth frame.

A's Hit Too

The Athletics slapped the ball around a bit themselves, especially in the fifth inning, when they scored four tallies, three of them on Fielder Bob Johnson's home run.

To quash any such outburst of hitting today, the Indians named Al Milnar and the A's picked rookie Dick Fowler.

The Brooklyn Dodgers have come up with another hero, Larry French, the doughy hurler the Brooklyn almost cut loose during spring training.

French stepped into the breach again last night in a relief role to beat the Pittsburgh Pirates 6-2 for his sixth triumph without a defeat this year.

The left-hander stopped Brooklyn's worst losing streak in May with a four-hit eleven-inning 3-1 victory over the St. Louis Cardinals; he stopped another short losing streak later that month by shutting out the New York Giants, and last week stopped a St. Louis winning streak.

Aids Whit Wyatt

French always has been around when needed and last night when Whit Wyatt couldn't get his throwing arm loosened up, Larry was flagged in from the bullpen at the start of the third inning. The score was 2-2 at the time and French pitched shutout ball for the rest of the way and also set off the winning rally.

With two out in the fifth inning the pitcher singled. Two more hits loaded the bases and then French singled two runs home and Medwick knocked another pair across with a double, extending his batting streak to 26 games.

The New York Yankees came out of their slump by noosing out the St. Louis Browns 6-5 with a 14-hit barrage including three

saunders of Joe Gordon and a 12-run homer by Joe Mauer.

The Boston Red Sox crushed the Detroit Tigers into submission 6-2 with Orel Hershiser leading the way and Jimmie Foxx hitting two home runs.

The Cincinnati Reds, who had won 13 of their last 17 games, were today shut out by the New York Giants 7-0. Bill Deneke pitched a four-hitter.

The Chicago Cubs captured a free-hitting after four the Philadelphia Phillies 4-1 although the Cubs were 13-12 the night before in the same stadium.

Snatches of Sports

NEW YORK, June 24—Ed Bang, Cleveland News sports editor, personally disposed of \$43,000 worth of tickets for last night's "Buy a Bomber" fight show. That's putting it over with a bang. . . . Bill Terry claims that every time he has seen a ball game this summer the Giants have lost. But Bill hasn't seen enough to take full responsibility for what Mel Ott's boys have been doing.

Freddie Zipp, a junior lifeguard at a community pool in Pittsburgh, . . . That makes him the first lifeguard in the family.

Earl Stewart and Ray Brownell, favorites to repeat last year's final battle in the intercollegiate golf championship, hold five course records between them. Stewart once shot a 60 on a par 70 course.

A Minor Error—After relating how a Texas league batsman fanned and was thrown out by the right fielder, we came across this one pulled by the Joplin Miners of the Western association: The Joplin catcher muffed a third strike and overthrew first. . . . While the first sacker went to retrieve the ball, the catcher, loaded with all his armor, beat the runner down the baseline and took the throw for a putout at first.

Today's Guest Star—Tim Cohan, New York World Telegram, calls yesterday's threatened to shoot Jockey Johnny Longden with a high-powered rifle. A couple of long shot bettors, no doubt.

Woody Walters Hurls New Leaders to 11-9 Win.

Greenwood No. 2 defeated Forest Lawn 6-7 last night, dropping Forest Lawn out of first place in an advancing Greenwood No. 1 into undisputed first place.

Greenwood No. 1 scored its second win of the season over Epworth No. 1, winning 11-9 on the eight-hit hitting of Woody Walters. Forest Presbyterian downed St. Mary 9-8 in the only other game last night.

FIRST Y.M.C.A. TENNIS TOURNAMENT SUNDAY

Instructor Charles Baker Announces Class Schedule.

The local tennis team will get off to a grand start Sunday with a tennis tournament at the Y.M.C.A. court on Vernon St. The tournament will be held at 10 o'clock. About 18 players are expected to compete.

The local team has lost many of the best players from its ranks including Tom Clark, defending county champion who has moved to Medina. Gene Roberts, junior champion who is bicycling to California.

John Dreher, former club champion, and Elbert Clark, only girl in last year's tournament, are leading team candidates. Tennis lessons will be started next week by Charles Baker, Lehighburg college senior who has been in charge of the courts for the past four years. Boys, girls and young married women will be placed in the morning classes with others scheduled for evening sessions.

Advanced lessons will be given to boys and girls on Tuesdays, the girls at 8, the boys at 10. Wednesday morning is reserved for young married women.

64 COLLEGE GOLFERS STILL IN TOURNAMENT

Two Ohioans Fail To Make Qualifying Scores.

SOUTH BEND, Ind., June 24—With the field sifted down to 64 of the top college golfers, the National Intercollegiate tournament today entered daily 36-hole tests of match play from which the champion will emerge Saturday after 180 holes of competition.

Poised against the field was Earl Stewart of Louisiana State university, last year's winner, medalist and driving champion.

As defending 18-hole Stewart did not need to qualify, so he passed the medalist honors to Dick Haskell of Northwestern, who fired a 72 yesterday for 142.

Stewart had 141, however, and it was listed as a new medalist record. It also pushed Louisiana State into a tie with Stanford for the team championship. The four lowest scores carried by each team member added up to a 500 denouement, ten strokes over Stanford's record-breaking total last year.

The qualifying limit was 155 and virtually all the favorites were under the wire and swinging through today's 36 holes, which will leave only 16 players closing the championship by tonight.

Outstanding players who failed were Jim McCarthy of Illinois, the Big Ten champ, and Richard Holmes of Oberlin college, the Ohio conference champion.

SGT. MUSCATO WHIPS FRANKLIN IN FIRST ROUND AT CLEVELAND

Big Lake City Fighter Fails To Make Showing in Bomber Card.

By The Associated Press

CLEVELAND, O., June 24—This is the open season on slugging Lem Franklin, the big Chicago Negro who only a few months ago was knocking loudly at Joe Louis' door.

Sergeant Joe Muscato of Buffalo, N. Y., heretofore only a preliminary boy but a very tough one, blasted Franklin to sleep last night in the first round of a card attracting 23,574 customers to the big lakefront stadium, and providing some \$25,000 not to put the Cleveland News' Bomber-for-MacArthur fund over the top with better than \$320,000.

Bob Pastor started Lem's decline by knocking him out in the eighth round here several months ago, and gigantic Harry Bobb followed at Pittsburgh by whamming Franklin down for keeps in the first stanza.

Belting Beats Bobb

Franklin, who weighed 202 to Muscato's 187, went down twice in the first round and Referee Joe Sedley stopped hostilities at 2:58.

In another scheduled ten-rounder on the all-star card, Bobb had no more luck against southpaw Melio Beltinga of Beacon, N. Y., than he did the first time. In a recent encounter Beltinga got up from the floor to win, and did it again after the six-foot four-inch Pittsburgh Negro hammered two smashing left hooks to the chin to put him down for a nine count in the fifth round.

Beltinga, scaling only 167 to Bobb's 211, came back to virtually close the game Bobb's right eye and win decisively.

Anton Christofridis, the former light heavyweight titleholder fighting out of Cleveland, convinced the customers his recent upset victory over New York's Johnny Colan was no fluke. He sent Colan to the floor three

There's Something To Strike Every Fancy From Golf to Fishing.

By The Associated Press

COLUMBUS, O., June 24—It's a big week-end here on the Buckeye sports front.

And so featured are the event, that you may need the wife, a fishing trip, and see demands to go places and see things with out wearing the necker, bread off the tree. And on the choice of having your choice of choice, some of them are for free.

Here's a quick look at what's coming up.

Thursday and Friday: The state seniors golf championships, 36 holes or medal play 18 per day, at St. Clair County club, Columbus. Bob St. Clair, Toledo's "Mr. Golf," is defending champion, out in a field of more than 100, including former kings Raleigh Lee of Columbus and Joe Wells of East Liverpool, will oppose his bid for two in a row. It's for golfers 50 years or older.

Friday, Saturday and Sunday: The \$5,000 Mahoning Valley Open golf tournament at Mahoning Country club, Girard. Clayton Heater of Linville, N. C., is defending the title, but a field of about 150 of the nation's top-drawer professionals and amateurs are in the scrap, which consists of 18 holes each on the first two days, and 36 on Sunday.

The same three days, Cleveland and Boston will battle it out along the lake front for second place in the American league, the spot behind the Yankees.

Saturday and Sunday: If you like noise and straight-shooting and feminine pulchritude, you can't afford to miss the Ohio skeet championships at the Firestone club in Akron. Blond Miss Patricia Laursen of Akron, former national queen of the feminine clay-target contingent, and winner of last year's 20-gauge title with 100 in a row, leads the

heavy parade. She is called the most beautiful woman in America.

Also on Saturday-Sunday is a rifle tournament at St. Clair County club, Columbus. Bob St. Clair, Toledo's "Mr. Golf," is defending champion, out in a field of more than 100, including former kings Raleigh Lee of Columbus and Joe Wells of East Liverpool, will oppose his bid for two in a row.
